

DNA Oxidation (5107)

Temporal Unavailability Due to Supply Shortages

Mainz, 31st August 2026

Dear colleagues,
dear members of the medical practice team,

due to current supply shortages affecting the reagents required for the determination of DNA oxidation, testing will unfortunately not be available until approximately [mid-September 2026](#).

Thank you for your understanding.

Do you have any questions or wishes?

Our customer service team is available via email at info@ganzimmun.de or by phone on [+49 6131 7205-0](tel:+49613172050), Monday to Friday between 8 a.m. and 7 p.m.

Alternatively, you can also contact your assigned scientific sales representative.

Yours sincerely

Dr. med. Patrik Zickgraf
Medical Director
