

Food Screen 80 IgE (5583)

Discontinuation of Analysis as of January 2026

Mainz, 28th November 2025

Dear colleagues,
dear members of the medical practice team,

we would like to inform you that, as of **1 January 2026**, the Food Screen 80 IgE (5583) will no longer be offered.

Instead, the highly advanced **Multiplex Allergy Screen ALEX (2431)** will be available. This test requires only a **single serum sample** and allows simultaneous **assessment of total IgE (tIgE)** and **specific IgE (sIgE) against 117 allergen extracts and 178 molecular components**. This enables the detection of sensitisations to almost 100 % of clinically relevant allergens worldwide in a single step.

Do you have any questions or would you like to order sampling materials?

Our customer service team will be happy to help you via email at info@ganzimmun.de or by phone on **+49 6131 7205-0**, Monday to Friday between 8 a.m. and 7 p.m.

With collegial regards

Dr. med. Patrik Zickgraf
Medical Director
