

Organic Acids

Optimised Measurement Method: Adjustment of Reference Ranges and Qualitative Enhancement of Findings

Mainz, 22nd September 2026

Dear colleagues,
dear members of the medical practice team,

we are pleased to inform you that, as of **5th October 2026**, Organic Acids will be measured using an optimised measurement method.

Background:

As part of our regular internal quality controls, reference ranges are reviewed statistically and scientifically. Based on current scientific evidence, our [reference ranges](#) and the [interpretation of findings](#) have now been updated and reflect the current state of knowledge.

Do you have any questions or would you like to order sample materials?

Our customer service team is available via email at info@ganzimmun.de or by phone on **+49 6131 7205-0**, Monday to Friday between 8 a.m. and 7 p.m.

With collegial regards

Dr. med. Patrik Zickgraf
Medical Director
